

DRAGON

Agitator

Dragon pump accessories are constructed to handle the harsh oilfield environment. Dragon stands ready to support our drilling and oilfield customers with the highest quality equipment in the industry. And, as always, Dragon backs every product it manufactures with the support you need.

That support includes 24/7 access to our skilled service teams and vast parts inventory. We are always here for you, because we know you do not want downtime. You want quality, dependability and the support of a long-standing oilfield equipment expert backing you up.

Keyless, no key ways or key stock needed

SPECIFICATIONS:

Our agitators feature the new dracomet coated corrosion resistant keyless coupling for easy installation and impeller adjustment. The units come complete with base plate, motor, gearbox, impeller, shaft & couplings.

Agitators are constructed to handle the harsh oilfield environment. All agitators come with the following:

- Nord brand nominal 30:1 gear box, constructed with ultra-tough loads.
- Tapered roller bearings on the output shaft to handle the highest thrust motor.
- Nema C face input for the electric motor.

AGITATOR • 8/14
